Data Scientist

Description

Thousand Plus is a growing agency based in Toronto. We are a team of passionate developers and designers looking for new members to grow with.

We are currently looking for a Full-Stack Developer with a wide arsenal of skills. Due to the nature of an agency, the tech stack we use might differ from project to project. This means you'll never be bored and will get to work on unique projects. Also lots of learning potential.

Qualifications

At least 2 years of experience as a data scientist

- Experience in statistical modelling
- Experience with Tableau, Power BI or equivalent
- Experience with MongoDB Aggregations
- Experience in Software Development (min 2 years)

Hiring organization
Thousand Plus Inc
